VENUE

Landgoed de Horst

On the estate you will find the Maitland Auditorium, an inspiring and unique venue for conferences and (corporate) events in the heart of the Utrechtse Heuvelrug. With this conference hall, we pay tribute to the philosophy of Charles Maitland, founder of De Baak, the parent organization. He believed that the right ambiance enhances the ability to absorb information.

The layout of the main hall allows for direct interaction between the speaker and the audience. In addition, there is plenty of space both indoors and outdoors to conclude the day together in an enjoyable way, for example with a walking dinner.
