INTERNATIONAL SOCIETY OF PELVIC SURGEONS

Welcome to SEPAS 2026 in Amsterdam

Venue: the historic Waag building, home to the Surgeons' Guild and its anatomical theatre in the 17th century

SEPAS Amsterdam 2026 will bring together surgeons with a shared interest in pelvic and acetabular surgery. This year's focus will be on pelvic ring fracture reduction and minimally invasive fixation techniques. State-of-the-art keynote lectures and a European consensus meeting will be followed by interactive case discussions featuring challenging cases contributed by surgeons from across Europe. You will have the opportunity to exchange ideas, share practical insights, and discuss emerging technologies and innovations.

Best wishes and a warm welcome in Amsterdam.
Daphne, Jakob & Frank
