EURECA MASTERCLASS 2026

The pediatric upper extremity course

EURECA MASTERCLASS

Small arms; large impact

Meet the faculty

Course directors

Anna van der Windt, Orthopedic surgeon, Erasmus MC

Christiaan van Bergen, Pediatric orthopedic surgeon, Erasmus MC and Amphia Hospital

Denise Eygendaal, Orthopedic surgeon, Erasmus MC

Confirmed faculty

Andrea Chan, Pediatric Orthopedic surgeon, The Hospital for Sick Children, Toronto, Canada

Arthur van Noort, Orthopedic surgeon, Erasmus MC and Spaarne Gasthuis

Bart van Osta, Physiotherapist, Jongh & van Osta

Bertram The, Orthopedic and Hand surgeon, Amphia Hospital

Eline van Es, 3D expert and clinical researcher, Erasmus MC

Ernst Smits, Plastic Reconstructive and Hand surgeon, Erasmus MC

Femke Claessen, Sports Medicine Physician, Erasmus MC and KNLTB Padel

Femke van Erp Taalman Kip, Pediatric Orthopedic surgeon, Erasmus MC

Gert Bessems, Pediatric Orthopedic surgeon, Erasmus MC

Joost Colaris, Orthopedic surgeon and Hand surgeon, Erasmus MC

Klaske Nieuwenhuis, Rehabilitation Physician, Erasmus MC

Lucas Timmermans, Pediatric Trauma surgeon and Trauma surgeon, Raboudumc

Martine Oomen, Orthopedic Cast Technician, Amphia Hospital

Pjotr Goossens, Physiotherapist, Monné Zorg & Beweging

René van der Lugt, Orthopedic Cast Technician, Erasmus MC

PROGRAM

EURECA MASTERCLASS

Small arms; large impact

DAY 1 - 16 april CONGRES

09:00 **Registration**

09:30 **Opening**

The growing athlete: unique risks of childhood injuries
Christiaan van Bergen & Anna van der Windt

09:40 **Ice breaking session: interactive case discussion**

Christiaan van Bergen & Anna van der Windt

Sports session: Tiny athletes, big breaks; a survival guide for when kids get too extreme

10:10 **Loose, tired and growing: Shoulder struggle of young athletes**

Arthur van Noort

10:30 **Elbows under pressure: kids pushing past their limits**

Anna van der Windt & Femke Claessen

10:50 **Coffee break**

11:20 **The pediatric wrist**

Ernst Smits

11:40 **Skills 4 comfort; Pain management in children**

Femke van Erp

12:00 **Wrap-up morning program**

Anna van der Windt, Denise Eygendaal & Christiaan van Bergen

12:00 **Lunch break**

Workshops

13:00 **Case discussion Trauma**

Arthur van Noort, Ernst Smits, Andrea Chan & Christiaan van Bergen

Case discussion Sport

Femke Claessen & Bertram The, Bart van Osta & Martin Baan

Distraction techniques for plaster application in kids

Martine Oomen, Rene van der Lugt, Max Poppelaars & Femke van Erp

Physical examination & Ultrasound

Pjotr Goossens, Jamie Barkmeijer, Joost Colaris & Anna van der Windt

14:00 **Break**

PROGRAM

EURECA MASTERCLASS

Small arms; large impact

DAY 1 - 16 april CONGRESS

OMG fractures around the elbow: Playground warriors to cast wearing legends

- 14:30 **Supracondylar and lateral condyle fractures**
Andrea Chan
- 15:00 **Proximal humeral fractures**
Lucas Timmermans
- 15:10 **Elbow dislocations & instability including medial epicondyle fracture**
Bertram The
- 15:30 **Pitfalls in treatment of proximal radius fractures**
Andrea Chan
- 15:50 **Tea break**
- Posttraumatic complications**
- 16:10 **Posttraumatic contracture: Rehab, Bracing and Physio**
Klaske Nieuwenhuis
- 16:30 **Malunions: 3D corrective osteotomies and guided growth**
Eline van Es & Joost Colaris
- 16:50 **Wrap up & conclusions**
Christiaan van Bergen & Anna van der Windt
- 17:00 **Drinks**

PROGRAM

EURECA MASTERCLASS

Small arms; large impact

DAY 2 - 17 april SKILLSLAB

Wet lab cadaveric practical sessions

09:00 **Lecture Morning**

- **Anatomy of the growth plates and nerves in the pediatric arm**
Gert Bessems
- **Treatment options and open reduction for proximal radius fractures**
Andrea Chan
- **Lateral and medial approaches for open reduction of fractures in the pediatric elbow**
Denise Eygendaal
- **Surgical approach of (missed) Monteggia lesions**
Bertram The
- **Discussion**

09:45 **Coffee Break**

10:00 **Skills lab;**

- Approaches of the elbow medial and lateral
- Treatment of supracondylar fracture; open reduction and K-wires
- Correction osteotomy of the proximal ulna in missed Monteggia
- Treatment of radial head fracture

12:00 **Lunch break**

Lectures

- 13:00
- **Anatomy and approaches of the forearm**
Joost Colaris
 - **Treatment of antebrachium fractures**
Joost Colaris
 - **Anatomy and approaches of the wrist**
Ernst Smits
 - **Treatment of wrist fractures in children**
Lucas Timmermans
 - **Discussion**

13:45 **Tea break**

14:00 **Skills lab;**

- Approaches of the forearm
- Approaches of the wrist
- Plating of antebrachium fractures
- Plating or K-wire fixation of distal radius fractures

Wrap up and closure

- 16:00 ● Anna van der Windt & Christiaan van Bergen
